PARIS, BOURBON COUNTY, KENTUCKY, TUESDAY, MARCH 25, 1919

PARIS CITY SCHOOLS GIVING COURSE IN AGRICULTURE

The following Bourbon county teachers have matriculated in the course in agriculture at the Paris High School: Misses Nannie Clark, Hazel Kerr, Millersburg; Misses Virginia Bell and Marietta Bell, Hutchison; Misses Nora Houston, Minnie Kiser, Mary Ross, Mabel Galloway, Margaret Calnan, Elizabeth Hudnall, Janie Leach, Thelma Williams, Lavallett Ranson and Mrs. Birdie Clay Webb, Paris.

Prospects are that the enrollment in the class will reach twenty-five within another week. The course is being given by some of the leading teachers from the Agricultural College at Lexington. Prof. M. C. James, the head of the Department of Vocational Agriculture, from State University, lectured to the class last Saturday morning. The principal lecturers during the course will be Prof. Kercher, head of the Department of Soils, and Prof. Kinney, head of the Department of Farm Crops.

The course is open to all city and county teachers without any cost for either tuition or laboratory materials. This course is being given not only to prepare teachers for the summer examinations in agriculture as required by the new State law, but to prepare them for better teaching in this most important science. Visitors will always be welcome at these lectures every Saturday morning from 9 until 12, in the chemistry laboratory at the City High School. Bulletins Nos. 54 and 56 written by Prof. Kercher and Kinney, and furnished by the State University, can be obtained either at the office of the County Superintendent of Schools, at court house, or at the office at the Paris High School.

Those taking the course are advised to procure these bulletins and a copy of Nature's One Hundred Lessons Agriculture, which is the State's adopted book, and are also advised to bring to the class a note-book. The class will continue to meet each Saturday morning at 9 o'clock until first of June. Provisions are being made at the City School to test seed corn for Bourbon county farmers. This testing will be done by the most approved methods and without cost to Bourbon county people.

LEXINGTON MIDGETS DEFEAT PARIS MIDGET TEAM

In the last game of the basketball season, played on the Y. M. C. A. gymnasium floor, in this city Friday night, the Lexington Y. M. C. A. Midget team defeated the Paris Y. M. C. A. Midgets by a score of 8 to 3. The Paris five played a much better game than in former contests with the Lexington team, which resulted in scores of 19 to 15 and 11 and 32 to 3. All three points made in the game Friday night by the Paris team were from foul throws. The lineup and scores follow:

Paris—White (3) and Collier, forwards; Dundon, center; Arnsperger and Cahal, guards. Lexington—Felsenthal (2) and Berry (2), forwards; Harbold (2), center; McCarthy (2) and Davidson, guards. Substitutes—For Lexington, Davidson; for Paris, McCarthy.

SADDLE HORSE BREEDERS TO MEET IN LOUISVILLE

Mr. Claude M. Thomas, of Paris, acting president of the American Saddle Horse Breeders' Association, has issued a call for the annual meeting of that body to be held at the Hotel Henry Watterson, in Louisville, on April 11.

In the call Mr. Thomas says: "On account of the diminishing breeding operations for the last two years, this is a critical period in the affairs of the Association, and the time for renewed activities is at hand. The counsel, moral and real support and enthusiasm of every member is needed and their attendance at this meeting is extremely important."

BOARD OF HEALTH ORDER.

Hogs and pigs must be out of the city limits of Paris by April 1, 1919. Do not attempt to evade this order. The Chief of Police is hereby notified to keep watchful eye that the city ordinance may be enforced.

BOARD OF HEALTH.

By A. H. Keller, Health Officer. (25-4t)

TRYING OUT THE NEW PARIS FIREMEN

Evidently someone has been trying out the new firemen in the Paris fire department, as three alarms last week called them out. The first was a silent call to a house near the County Jail, where a small blaze was extinguished. The second was to the home of Mr. E. E. Landes, on Walker avenue, where a can of gasoline exploding in a garage caused a small blaze, which the firemen extinguished with small property loss. The third alarm was sent in from Box 23, Saturday night, evidently by some mischief-maker, as the firemen found no blaze in the vicinity.

TO ADMINISTER ESTATE

In the County Court Judge George Batterson appointed Mrs. Nora Maher as administratrix of the estate of the late Mrs. Nora Buckley. Mrs. Maher qualified for the trust by furnishing bond in the sum of \$1,000, with Mr. Silas E. Bedford, of the Deposit and Peoples Bank, as surety.

REAL ESTATE TRANSACTIONS

Mr. Newton Taylor, Sr., of Paris, recently purchased the A. B. Bateman farm of 120 acres, located on the Iron Works pike, in Fayette county, for \$385.50 per acre.

Through the Walter Clark Real Estate Agency the Bourbon Tobacco Warehouse Co. purchased a vacant lot located in the Barns Addition, in South Paris, from Mr. Jake Elvove, for \$300.

Mr. George W. Dawson, of Clintonville, has purchased the home of Dr. McFerran Crewe, located on Linden Walk, in Lexington. Mr. Dawson will be given immediate possession and will move into his new property shortly.

Auctioneer M. F. Kenney sold for Mr. R. P. Dow, as agent, a house on Sycamore street, Mr. James D. McClintock being the purchaser, at \$590. Mr. Kenney also sold for Mr. Dow a lot on Lillieston avenue to Thomas Woods, Jr., for \$346.

OLD POSTAGE RATES TO BE RESTORED.

The three-cent-an-ounce postage rate which went into effect on October 3, 1917, as a war measure, is to be replaced on July 1 by a reversion to the old two-cent rate, simultaneously with the coming of National prohibition. The following is the full text of the official order as received here by Postmaster J. Walter Payne:

"On July 1, 1919, the rate of postage on all first-class mail will be the same as the rate in force on October 2, 1917. In other words, the rate on letters entitled to the domestic rate of postage will be two cents for each ounce or fraction thereof and post cards one cent each. The drop letter rate will be one cent.

"As postage stamps cannot be exchanged, business patrons should so regulate their purchases as not to purchase more three-cent stamps and envelopes and two-cent postal cards than can be used prior to July 1, 1919. Of course, the three-cent envelopes and two-cent postal cards will be perfectly good for postage after July 1, but one-cent less will be required on letters and postal cards.

"It should be distinctly borne in mind that the former rate of postage on first-class mail will not take effect until July 1, 1919."

BOURBON CIRCUIT COURT

Owing to Judge Robert Stout being compelled to be out of town there was no session of the Bourbon Circuit Court Friday. When Court convened Saturday, Judge Stout, after the regular motion hour, heard arguments by Commonwealth's Attorney Bradley, for the prosecution, and by Attorney Oscar T. Hinton, for the defense, in support of a motion for a new trial in the case of Oscar Johnson, convicted and given the death sentence for killing Walter Rice. The Court took the case under advisement. Court was then adjourned until today when the cases of Clark & Young vs. Lapsley, and Hicks vs. Owens, will be heard. For tomorrow the cases assigned for trial are as follows: Peoples Bank vs. Mattox, Eals vs. Kuster, Brown vs. Gorham.

The petit juries were excused until today.

A YOUNG MAN'S FANCY.

In the spring a young man's fancy turns to thoughts of new clothes. For all that is best in make, style and quality, see

J. W. DAVIS & CO.

LOUISVILLE AUTHOR OF NEW BOOK KNOWN HERE.

The announcement that Mrs. R. M. Kelly, Jr., of Louisville, has just had her third book, "Why, Joan?" released from the publisher, is of much interest here, where the talented author has a large circle of friends, and where she has often been a welcome guest.

The scene of this story is laid in Louisville and the charming social life of that city has been faithfully portrayed by the facile pen of this gifted writer.

The book deals with the complex problems which confront young John Darey, a Kentuckian by descent and adoption, in her efforts to find her place in the world. A highly sensitized, introspective type, this young heroine is a splendid example of the modern girl, with many traditions back of her and many ambitions before her. Behind Joan are two heroes as different as two men could be but both willing to sacrifice, each in his own way, in order that she may find what she is seeking.

The numerous vicissitudes of this not always lovable, but very human young girl, will command the closest attention of the readers of fiction and the book promises to be a tremendous success.

ADMINISTRATORS APPOINTED

In the County Court, Friday, Judge George Batterson appointed Charles R. Parker as administrator of the estate of the late Richard White, with Wm. D. McIntyre, as surety, furnishing bond in the sum of \$250.

CAN IT REALLY BE TRUE!

Again there seems to be a reasonable prospect for a satisfactory solution of the question of a future water supply for Paris, which has been in jeopardy for the past few months, due to the washing out of the dam at the Paris Milling Company's plant, and a disagreement among the interested parties as to defraying cost of building a new dam.

Shortly after assuming his duties as a member of the Board of Council of the city of Paris, Mr. John Merringer began an active campaign among the three interested parties, the Paris Milling Company, the Paris Water Company and the Louisville & Nashville Railroad Company. Several times it seemed likely that his efforts would be successful, but each time objections would be offered and urged by one or the other of the parties. Finally the situation became so serious that the people of Paris threatened to hold a mass meeting and thresh the matter out. The special committee of the Council, composed of Messrs. Merringer, Veatch and Kiser, were in communication with the officers of the Water Company, and on March 15 sent an ultimatum. Last Friday, Mayor E. B. January sent a message to the officers of the Water Company, stating that the citizens were becoming impatient, and that an answer was requested at once.

On Saturday an answer was received from Mr. L. H. Fuller, president of the Water Company, stating that the company would deposit in a Paris bank a sum of money sufficient to cover half of the cost of building a new dam, and if the Milling Company was satisfied, any contract approved by attorney E. M. Dickson, for the Water Company, would be signed. Mr. B. M. Renick, president of the Paris Milling Company, at once notified his attorney, Judge Denis Dundon, to accept the proposition. Mr. Fuller's telegram to Mayor January was as follows:

"Expected to reply to committee, but in answer to your telegram will say we are willing to deposit in escrow in Paris bank one-half of estimated cost of dam construction. Advise if milling company are satisfied, if so any form of contract approved by Dickson will be signed."

"L. H. FULLER."

ONION SETS.

Onion sets at 10 cents per quart. BUSY BEE CASH STORE. (25-4t)

GLORY BE!

A contract for 20,000 gallons of crude oil for oiling the streets of Paris has been awarded by Mayor E. B. January to Mr. James Arkle, Paris representative of the Indian Oil Refining Co. The oil to be used is of a higher grade than that applied last year, and is 25 per cent. cheaper.

JACK SPRATT, VICTIM OF SHOOTING, PASSES AWAY.

Relatives in this city of Jesse (Jack) Spratt, formerly of Paris, who was shot by his friend, Lowell Marriott, in Cincinnati, on the night of March 18, received telephone messages Friday night from the General Hospital, in Cincinnati, stating that Spratt had died in that institution at a late hour from the effects of the wound, the bullet piercing his abdomen.

Marriott is in the County Jail in Cincinnati, where he is said to be in a very highly nervous state. A charge of shooting with intent to kill, which had been placed against him, will probably be changed to murder. Marriott was found in a pool of water by detectives near his home after the shooting. Spratt resided at 4310 Conant avenue, Madisonville, and his slayer, who represented himself as an artist's model, lived at 5704 Bramble avenue.

The shooting took place at Newtown, a village east of Cincinnati. Spratt, the victim of Marriott's pistol, was 26 and married. Marriott, his sister, Margaret, and his brother, William, and Mr. and Mrs. Spratt, Spratt's brother, Russell, and Miss Mary Cantrill, of Oakley, attended a party at the home of Marriott's grandfather in Newtown, Monday night. At 11:30 all except Lowell Marriott got into the automobile to go home. Marriott had been disorderly all evening and had frequently displayed a revolver. Marriott, it is said, stood on the sidewalk and abused Spratt, who was his life-long friend. Spratt finally stepped out of the automobile to quiet Marriott, who fired. Spratt fell and Marriott fled.

Dr. T. B. Mulloy, of Newtown, ordered Spratt taken to the General Hospital Night Chief Kirgan detailed Detectives Bohike and Rolf to go to Marriott's house. Corporal Robinson accompanied them. After they arrived at his home, they followed his trail by the light of electric lanterns. When they saw only Marriott's head above the water, they thought he was dead. Marriott, hearing they thought this, made a pretense of being lifeless, but the ruse failed. At the point of revolvers he was dragged out of the water.

The funeral will be held in Madisonville this (Tuesday) afternoon, at 2:30 o'clock, with services conducted at the graveside in the Madisonville Cemetery. Mr. Spratt is survived by his wife, formerly Miss Lucretia McClure, of Paris, and two sons.

BEST QUALITY SEEDS.

Highest quality Red Clover, Alsike, Timothy, Seed Oats, Cotton Seed Meal. CHAS. S. BRENT & BRO. (Feb-14-1t)

IN THE SERVICE OF THEIR COUNTRY.

Private Roger Bivin, son of Mr. B. F. Bivin, has returned to his home near North Middletown, from Camp Beauregard, in Louisiana. He has received an honorable discharge from the service, and with his family, will locate near Winchester.

Private Leslie Cummins, of near Centerville, who recently received his final discharge papers at Camp Hancock, has gone to Long Island, New York, to accept a position. Private Cummins has been a guest of his mother, Mrs. James Cummins, near Paris, since returning from Camp Hancock.

Hospital Sergeant John T. Redmon, of Paris, camp and office surgeon at Camp Hancock, near Augusta, Georgia, has received his honorable discharge from the service and has taken a position at Corbin, Ky. He was warmly recommended by Lieut.-Col. C. C. Hillman for loyal and efficient service.

Corporal Earl Brown has arrived at his old home near North Middletown, from overseas. He was at the front in France, but was not in the firing line, being engaged in the work of transporting soldiers from camps nearby to the front battle-line. He saw some of the fighting, and was in Germany for a few hours only, after the armistice, on detached service.

Major Henry Rhodes, chief of the Kentucky Selective Service Department has forwarded to Provost Marshal General Crowder the records of all delinquents and deserters. Kentucky has made a good record so far and the boards of Ohio and Perry counties, which delayed Major Rhodes in the work, have come to the front and have their records created and ready for shipment.

Mrs. C. D. Terwilliger, formerly Miss Olive Taul, is in receipt of a letter from her husband, who is with the American Expeditionary Forces, Sagenay, France, stating that he had been promoted to the rank of Captain in the Medical Corps of the United States army. Mrs. Terwilliger's sister, Miss Mary Stone, who is a nurse with the Dr. Barrow Base Hospital Unit No. 40, is now en route home from England.

Cablegrams to relatives of members of the Good Samaritan Base Hospital, Unit 40, composed almost entirely of Kentucky physicians, surgeons, nurses and civilians, 300 in number, stated that the unit had sailed for the United States.

A detached portion of the unit is now in this country and has been ordered to Camp Zachary Taylor for discharge. The unit was mobilized at Camp Zachary Taylor last March. The unit has been stationed at Salisbury Court, England.

Private Werner Eich, of Mt. Washington, Ohio, has been awarded the Distinguished Service Cross by the U. S. Government for extreme heroism in trying to rescue his wounded officer, Capt. Reuben Hutchcraft, of Paris. Eich was one of six stretcher bearers who tried to reach Captain Hutchcraft, after he had been shot down by German machine gunners while on scouting duty. Three of the men were killed and the others wounded. One of the men who afterward aided Eich to carry the wounded officer down the hill was struck by a machine gun bullet.

Seaman Carl Mitchell came in Saturday morning on an eight-days' furlough. Mitchell has been transferred to the bakery department on his ship, the U. S. S. South Carolina. He landed at Newport News on the 18th, the South Carolina bringing over a large detachment of soldiers from Brest, France. The ship will leave next week on the return trip to France on transport duty. Mitchell says a large number of Kentucky boys were in the detachment which came over on the South Carolina, among them several from Lexington, Cynthiana, Nicholasville, Georgetown, and other Central Kentucky towns. Carl says he is much better satisfied in his new position than being "down below."

The vanguard of the Dr. Barrow Base Hospital Unit No. 40, sixteen in number, who have been at Camp Merritt, New Jersey, for the past few days, arrived at Camp Taylor, near Louisville, Saturday. They were given absence leave of twenty-four hours to visit their homes. Among the number were Privates John H. Moran, of Paris, and Grover Shropshire, of near Centerville. Private Moran came to Paris, Saturday night and spent Sunday with relatives, returning to Camp Taylor yesterday morning. The members of the Barrow Unit sailed from England on February 27. They expect to be mustered out of the service this week.

Hobbling on crutches, Clark Wilson, of Paris, who has been in the U. S. General Hospital No. 35, at West Baden, Ind., since his arrival from overseas, came to Paris last week for a recreation stay of several days with his parents, Mr. and Mrs. David Wilson, on Houston avenue. Clark was a member of the Royal Flying Corps, Canada's crack aviation organization, and was injured in the spine and one leg by the explo-

TWO CAMPAIGNS HAVE AUSPICIOUS OPENING.

Two campaigns, each one for a most worthy cause, were launched in the city and county yesterday, those for funds and food for the relief of the starving people of Armenia and Syria, and for clothing for the French and Belgian refugees. The former campaign is being conducted under the direction of Mr. Chas. B. Mitchell, County Chairman. Bourbon county's quota has been placed at approximately \$4,100.

The response in both campaigns has been very generous. The drive for clothing for the refugees really will not be under headway until today. Miss Elizabeth Steele, chairman, stated that the committees had been appointed for the purpose of soliciting, and that several large donations of clothing had already been sent in, but that the campaign would not take definite shape until this morning, when it will start out with a vim.

Miss Steele asks for donations of clothing of all sizes for both sexes, to be forwarded to the refugees. It is necessary that all the articles to be in time for shipment, should be at the Red Cross sewing rooms in the county court house in this city, on or before Friday, March 23. All kinds of durable clothing are needed. If the donors are unable to take their donations to the court house, call over the phone to Miss Steele who will send someone to bring in the articles.

CLOTHE-UP DAY COMING.

Like the trees that put on new leaves in the spring the young man—and the old man, too—wants to be newly clothed. The Davis brand has been a standard for years.

CATTLE MEN TO MEET IN LEXINGTON, MARCH 29.

Cattle men are invited by Commissioner of Agriculture Mat S. Cohen to attend a meeting at the Phoenix Hotel, Lexington, March 29, to arrange the classifications and conditions to govern the \$20,000 stake for fat and feeding cattle at the Kentucky State Fair.

JUDGE JOLLY IN RACE FOR ATTORNEY-GENERAL

Judge George W. Jolly, one of the best-known Republicans in Kentucky, has announced that he will make the race for the Republican nomination for Attorney General. Judge Jolly was former United States District Attorney.

sion of a shrapnel shell. He had secured a transfer to Uncle Sam's service, and while on duty, sustained the injuries which sent him to the hospital. After a few weeks' rest here he will be sent to an army hospital in New York for treatment. Aside from his injured spine and leg he is in excellent health.

Mr. and Mrs. Charles W. Buchanan, of near Paris, are in receipt of a letter from their son, Clarence W. Buchanan, who is in the service overseas, stating that he had been promoted to the rank of Sergeant. He is stenographer and bookkeeper in the Quartermaster's Corps Finance Department of the American Embarkation Center, in France.

A telegram was received last night by Mrs. Clifton Arnsperger, stating that her son, Lucien Arnsperger, who is a member of the 37th Ohio Regiment, American Expeditionary Force, had just arrived at Hoboken, New Jersey, from overseas, his destination being Camp Mills, New Jersey. Her other son, Clifton Arnsperger, is now at Camp Taylor, where he is awaiting his final discharge papers.

Private Douglas Clay has arrived in Paris from Camp Sherman, near Chillicothe, Ohio, where he received his honorable discharge from Uncle Sam's service. Private Clay was a member of the Dr. Barrow Base Hospital Unit, which is now en route home from England. "Doug" constituted one of the advance guard, having been invalided home some weeks ago on account of illness. He was in a New York army hospital for a short time, but is now entirely recovered. He is looking the picture of health and says the minute he landed in Paris he began to feel a one hundred per cent. improvement.

Private Leo Grosche, always an interesting letter writer, has just returned from a trip through parts of France and into Italy. A partial resume of his experiences is most interestingly told in a letter to his brothers, in this city, which is reproduced below:

"American Red Cross, 'Beaume, Feb. 13, 1919.

"Dear Folks:—
"At present I'm at Base Hospital No. 77, getting straightened out from the effects of my leave. I caught a deep cold, and when I got back to Chagny, I went right to bed; stayed there till Monday, then decided that the hospital was the proper place for me, so came here at noon Monday. Everything is done here to entertain the fellows, but it seems pretty lonesome, after a fellow has been working. (Continued on page 3.)

EDITORIAL MUSINGS.

The Promise of Spring.

As my eyes opened the other
morning and I stretched to look at
the clock that was ticking on the
dressing I heard a red-bird just out-
side the window. I leaped from the
bed and looked out. The ground was
still white with the heavy frost that
had fallen like a blanket in the
night. Directed by the joyous
sound we saw the bird on the bare
branch of a maple tree. There he
was standing like an impresario in
the presence of all the crowned heads
of the universe. Then again he lifted
up his head and sang until his little
body quivered with passion and he
seemed almost ready to dissolve in
the unendurable rapture of life.

From across the yard I heard the
muffled chirp of the mate calling to
him.

It was more beautiful than the
crashing melody of an orchestra,
sweet as the tinkling splash of the
little cascade in a woodland rill. It
meant the approach of Spring.

Later in the day I met a man dig-
ging dandelion greens and as I stop-
ped to speak with him he said:
"They are sure early this year, but
they are mighty fine," and he dug up
the luscious root with a long butcher
knife and held it up for inspection.
When I went home to supper I in-
haled the pungent odor of sassafras
as we stepped into the kitchen. On
all sides are these signs of the com-
ing of Spring.

It has not been a hard winter like
last winter was, but it has been a
difficult winter just the same. The
prevalence of the influenza and the
sickness and death of friends has cast
a gloom over us all. The long, weary
days waiting for the boys to come
home and the dread anxiety lest the
fire "over there" should break out
again has made the winter one of
sadder thoughts. The continued high
cost of everything and the dread un-
certainty as to future activities have
made us uneasy. But now comes the
promise of Spring and the birds, the
dandelions and the sassafras tea give
us new hope for better and brighter
days.

Labor Department Is Active.

The Department of Labor has issued
a statement by Roger W. Babson, that
contains many interesting bits of
information concerning the things
being done in Washington to help
business. According to Mr. Babson
the United States hasn't been losing
its money, since in 1910 the country
was found to be worth \$186,000,000-
000; while to-day it is estimated to
be worth \$265,000,000,000, while
our war debt is only some fifteen or
sixteen billions. In view of the fact
that the world conflict has cost the
nations \$193,000,000,000, Uncle Sam
seems to have come through in envi-
able shape, financially. The state-
ment throws light upon many public
questions. In one place it says: In
addition to this work of stimulating
public and private residences and
wage workers' homes, sewers, water
works and other municipal improve-
ments, the Labor Department is mak-
ing a special drive to get public util-
ities on a stable basis. The Secre-
tary is especially sympathetic with
the needs of the traction companies,
believing that they deserve higher
fares, and relief from taxation and
other burdens. Studies are now be-
ing made in the Secretary's office for
plans which will stabilize the public
utility industry.

An Expensive Job.

It looks as though the American
uniform would be no stranger in the
land of Europe for many a long day.
And these boys will have to be
maintained there. Boats must come
and go. Food for the man who has
fought and may have to fight again

must be kept moving. He must have
his blouse and breeches, his cap and
his leggings. There must be shelter
and some comforts. He must have
plenty of guns, plenty of shells and
the cartridge belts must be kept
filled.

Of course all this means another
Liberty Loan—the Fifth Loan, if you
please. It is up to the good Ameri-
cans who come through on the first
four loans to back the victory they
have won with the fifth and last
loan. It would be the highest of
foolishness to fail to back up the men
who are insuring victory for us now.

How many men will be required is
a problem for our Government to de-
termine. Certainly no more will be
kept there than are needed. We are
not wasting man-power just to keep
soldiers in Europe. They are needed
there or they would be on their way
home. And the money that is to
maintain them is needed, or it would
not be asked for. The Fifth Liberty
Loan is necessary or the nation
would never have authorized it. It
is up to us to play well our part
in raising it.

COLLECTING CLAP TRAP.

Uncle Bill Geyer was for many
years a notable figure down in North-
eastern Kentucky. He was frugal-
ity personified and a keen trader.
Most of his money had been made in
real estate and financing farmers at
after-the-war rates of interest.

And when he died his executor
found bundles of old Confederate
bills in his iron safe, mementoes of
the great American weakness of tak-
ing a chance.

Uncle Bill Geyer wasn't a pioneer
in this. Financial adventure has
been the life of American business
development through more than a
century. He but ran true to form.

Thousands of Americans are doing
the same to-day.

Simply collecting clap trap in the
form of gaily illuminated stock cer-
tificates that are not worth the paper
they are printed upon and never will
be.

And the tragedy of it all is that
many of them are sacrificing their
Liberty Bonds in the effort. Sur-
rendering their certificates of loyal
citizenship in the chance of making
a killing. Dong Uncle Sam a real
injury, however unconsciously.

With no more chance than the pro-
verbial snowball in Hades.

The woods are full of salesmen
right now representing fake promo-
tion schemes and holding out special
inducements to Liberty Bond holders.
Offering them so-called bargains ex-
traordinary, especially in exchange
for their bonds.

Nine out of ten of them are pure
swindles.

So be on your guard. If one of
these fellows puts his proposition up
to you take him down to your bank-
er. If he can sell the banker you
may possibly be safe in taking a
chance.

But if he can't, pass him up.

ASK THE COLLEGE.

Every farmer wants to know what
he should use in the way of fertilizers
for his own fields. Of course, he has
experimented some. He has been
puzzled, sorely puzzled, because at
one time a fertilizer which he had
bought, paid well, while at other
times he got no results at all.

The farmer should realize he is a
farmer and not an experimenter. He
should also realize that no one, two
or three years of experiments are
enough upon which to base a solid
opinion. It takes years of experi-
ments on all the varied soils in Ken-
tucky to learn what is needed.

Instead of experimenting at home
the farmer should learn exactly what
has already been done in tests on the
experimental plots in Graves, Mc-
Cracken, Logan, Muhlenburg, Shelby,
Madison, Laurel and Fayette counties
in Kentucky. The College of Agri-
culture has a type-written report on
the results on all of these fields as
late as June, 1918. Any farmer can
have it sent to him. Ask the Col-
lege.

BAD TASTE IN YOUR MOUTH.

When you have a bad taste in your
mouth you may know your digestion
is faulty. A dose of Chamberlain's
Tablets will usually correct the dis-
order. They also will cause a gentle
movement of the bowels. You will
find this to be one of the best medi-
cines you have ever become acquaint-
ed with.

(adv)mar

PEOPLE AND GRAIN

(Toledo News-Bee.)

A thing does not have to move to
be alive. A farmer out West re-
cently found some corn that had been
in the family attic seventy years. He
planted it and it grew and yielded a
crop.

A few years ago wheat which had
been locked in an Egyptian tomb for
3,000 years was taken out, planted—
and grew.

That wheat had been motionless for
thirty centuries, but the life germ
in each grain lived on.

If a body could lie motionless it,
too, might live for centuries. Move-
ment brings death. Gradually the
hard working and abused machine
wears out.

The scientists now have what they
call the energy theory of life—that
all living things (men, animals,
plants, trees), receive energy from
the sun; that in moving and dying
they release the energy, which im-

mediately returns to its source, the
sun.

Is there some way, on a system like
insulating electric wires, that we can
keep our energy in our bodies, so as
to double the average length of hu-
man life?

About the only similarity between
a plunger and a sponger is that they
rhyme.

FOR SALE AT LAST!

The real estate firm of Thomp-
son & Downs, at Taylorsville,
Ky., have at last succeeded in
getting on their list for sale,
among many others, one of the
finest farms in Kentucky, con-
taining 350 acres—160 acres in
grass, 115 acres in wheat, the
best in the county—and the bal-
ance has been in clover, and is
now being plowed, a great part
of which has been plowed early
in the season.

This land is in a high state of
cultivation. It has the finest
home in Nelson county, an eight-
room residence, beside hall,
porches, etc., all fitted up with
electric lights, water works,
bath, toilet, is furnace-heated,
and is modern in every respect.
The place has a very fine cattle
barn with 120 individual stalls;
lots of shed and loft room; has
two large tile silos that will
hold 330 tons; one of the finest
cemented grainaries in the
State; an eight-acre tobacco
barn, an extra good one; barns
have lights and water; three
extra good tenant houses, with
all good outbuildings with each;
good fencing all over the place;
good orchard and plenty of good
water. Price right. Address,

SAVED BY A FAITHFUL WIFE

Suffered Thirty Years With Stomach Trouble and Hemorrhages of the Bowels.

The Story of a Wonderful Recovery

There is hardly any one who does not experience some trouble with the stomach. It is so common that we frequently pay little or no attention to it. Yet, the stomach is very easily upset, and catarrhal inflammation of the mucous lining develops, grows worse—the pain and distress is incessant and the truth dawns that we have chronic stomach trouble.

The case of Mr. Louis Young, 205 Merrimac St., Rochester, N. Y., is typical. He writes: "I suffered for thirty years with chronic bowel trouble, stomach trouble and hemorrhages of the bowels. We bought a bottle of Peruna and I took it faithfully. I began to feel better. My wife persuaded me to continue and I did for some time as directed. Now I am a well man." Mr. Young's experience is not unusual.

If you suffer from catarrh in any form, whether of the head, stomach, bowels or any other part of the body, try Peruna. It may be just what you need. Peruna comes in either liquid or tablet form and is sold everywhere. Your dealer has it or will get it for you. Ask for Dr. Hartman's World-Famous Peruna Tonic and insist upon having it. If you want your health accept nothing else.

All the sick and suffering are invited to write The Peruna Company, Dept. 78, Columbus, Ohio, for Dr. Hartman's Health Book. The book is free and may help you. Ask your dealer for a Peruna Almanac.

MUST PAY FULL INCOME TAX IF CAUGHT.

Persons who neglected to pay the first installment of income taxes last week have lost the installment payment privilege and must now pay their entire tax upon demand of a revenue collector.

To avoid the penalty of 25 per cent. in addition to the regular tax, persons who failed to file returns with a sworn statement of the reason for delinquency. Without this the penalty will be imposed.

These policies announced by Internal Revenue Commissioner Roper are intended to grant a degree of leniency to those who, for some legitimate reason, failed to file their returns when they were due. By law, however, the installment payment privilege is removed from all failing to make payments on time and the Internal Revenue Bureau has no authority to change this provision.

TRY THIS FOR SOUR STOMACH.

Eat slowly, masticate your food thoroughly. Eat but little meat and none at all for supper. If you are still troubled with sour stomach take one of Chamberlain's Tablets before going to bed.

Bad teeth are now held responsible for tuberculosis. Perhaps some of our erudite scientists can trace Bolshevism to the same cause.

WEALTH OF BOURBON'S NEGRO CITIZENS

Negro citizens of Bourbon County have made splendid progress during the last year as shown by the tax assessment books the figures of which were given out Thursday for publication.

The total increase in the assessed valuation of all property in Bourbon County over 1918 was 2,112,546 of which amount \$149,017 represents the value of the increase of property belonging to negro citizens of the county.

This showing is remarkable when it is considered the negro income is almost solely that of his own labor. It demonstrates the Bourbon County negro is industrious and saving and is making rapid progress in improving his condition and making himself a better citizen.

The wealthiest negro farmer of the county is Jim Duncan of the Little Rock section of the county. He owns a nice farm of 160 acres of land, besides he cultivates considerable rented land in this community. In Paris, Millersburg and North Middletown are many negroes who own homes and some engaged in business enterprises, and are regarded as comfortably fixed as property owners.

In Paris John Ayers, the barber, Dr. J. W. Mebane, Thos. Kelley, French Thompson, Alfred Bedford, and others own considerable property and are numbered among our best colored citizens.

A large number of Paris negroes have bank accounts; are paying for homes through the building and loan associations and have savings and Christmas Club accounts.

The tax assessment books show the following property assessments belonging to negroes:

1103 acres of land valued at \$132,878.

Town lots to the number of 1285, valued at \$420,572.

Poultry valued at \$1,157.

Merchandise valued at \$3,263.

Wagons and buggies valued at \$2,010.

The negroes of the county own 20 automobiles valued at \$6,250, and one auto truck worth \$300.

They also are in possession of musical instruments worth \$1,571; libraries worth \$365; jewelry worth \$446; provisions on hand worth \$473, and furniture worth \$805.

Negro farmers own 188 head of common stock worth \$13,985; mules valued at \$1,290; 27 registered bulls, cows and calves worth \$1,150 and 15 head of common cattle, worth \$5,235.

They own 194 head of sheep, valued at \$1,550; 452 hogs worth \$5,472 and have farm implements worth \$3,695.

The total of all property belonging to negro citizens is valued at \$600,964.

There are in Bourbon County 1924 negro voters, which if multiplied by 4½ would give a total negro population in the county of 8,658.

There is more catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local treatment, pronounced incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment.

Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One hundred dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Hall's Family Pills for constipation.

SLEEPS "SOUND AS A DOLLAR"

Meritone Improved This Man So Much His Wife Can See Difference

George A. Wilson, of 1604 Delta avenue, Nashville, sleeps sound as a dollar every night since he took Meritone, and gets up mornings feeling fine.

"I'm ready to get right up and go to work when I awaken," said Mr. Wilson.

"I was nervous and couldn't sleep right at night and, of course, I felt bad in mornings. I lost my appetite and my strength kept going down and down.

"Then I caught the influenza and when I got over that I tell you I was weak and coughed nearly all the time.

"Meritone changed me. I sleep sound as a dollar now and when I get up I'm ready for a big breakfast of bacon and eggs. Then, after that, I feel like getting at my work.

"My wife can see the change in me since I've been taking Meritone. I guess I used to be pretty cross and irritable, but she says I'm not that way at all now."

Meritone is highly recommended for stomach, liver or kidney trouble, catarrh, rheumatism, nervousness, sleeplessness and the like, or for building up folks who feel run down and tired out.

Meritone is sold exclusively in Paris at G. S. Varden & Son's.

NEW BOOK BY FORMER PARISIEN JOHN FOX, JR.

The Kentucky writer, John Fox, Jr., says of his new story soon to appear in Scribner's Magazine and which he has not yet named:

"It is the first book I've ever published which isn't written around the name," he explained. "Possibly it will bear the name of the principal character, Irving Dale. It is to deal with the violent contrast between life on the Tidewater in Jamestown, Va., and the early pioneer life of Kentucky, melting into one character the aristocracy, the pioneer strength, and the intimate knowledge and sympathy for the Indian and his ways, of the best that was in America."

"Dale is captured by the Indians when a child and lives with them until the fight for independence is waged by the colonists against a German king in England. The part both the English people and the French played in helping the colonies win their freedom, is told in a manner that most of our history suppresses. Men like Pitt and Fox in England were with the Americans and the greater part of the English people were opposed to that war. Washington today in England is regarded not as an American rebel, but as an Englishman who fought for the freedom of Englishmen. There are points of contrast between this tale of a hundred years ago and the late war that I hope will make Americans think."

Some things are improved with use, but constantly changing the mind is apt to wear it out.

SOCIAL AND PERSONAL

Comings and Goings of Our People Here, There and Elsewhere.

—Rev. and Mrs. J. J. Rice have returned to their home in Harrodsburg after a visit to Dr. and Mrs. J. T. Brown.

—Mrs. Paul Makel, of Chicago, formerly of this city, is a guest at the home of Mr. and Mrs. J. N. Teager, on South Main street.

—Miss Augusta Behrman has returned to her home in Newport, after a visit to her sister, Mrs. J. W. Bacon, and Mr. Bacon, on Cypress street.

—Miss Loretta Brannon, of Lexington, was a week-end guest of Miss Mary Elizabeth Dean, at the home of her parents, Mr. and Mrs. John Dean, on Walker avenue.

—Miss Aleta Wilson, of Millersburg, has taken a position as bookkeeper and stenographer in the office of the Ford Garage, in Paris. Miss Wilson recently graduated from a Lexington business college.

—Mrs. William K. Griffin was hostess at her home on Cypress street recently at bridge to twenty-one guests. A substantial luncheon was served, and a number of enjoyable games of bridge were played. The guests for the afternoon were Mrs. Thos. Allen, Mrs. J. W. Bacon, Mrs. Roy Clendenin, Mrs. Clasco, Mrs. John A. Bower, Mrs. J. H. Comer, Mrs. Wm. Bryan, Mrs. F. J. Savage, Mrs. Robt. Meteer, Mrs. Calla Nichols, Mrs. Lawrence Price, Mrs. Wm. G. McClintock, Mrs. William Shire, Mrs. Watson Judy, Mrs. J. O. Marshall, Mrs. Harry Mathers, Misses Clara Bacon, Patsey Clark, Gussie Behrman, Hortense Rosenbaum and Caroline Roseberry.

CINCINNATI SYMPHONY ORCHESTRA AT LEXINGTON OPERA HOUSE.

Like the majority of his countrymen, Eugene Ysaye, great Belgian violinist and conductor of the Cincinnati Symphony Orchestra who comes as director of that organization to the Lexington Opera House for two performances, matinee and night, Tuesday, April 8, lost everything he possessed in the German invasion of Belgium.

A few months before the outbreak of the war Ysaye took possession of a beautiful villa which he had built on the Belgian coast near the little town La Zoote. The villa, large and commodious was planned by him and the great maestro selected the furnishings and draperies. Having completed his plans for the summer he invited his children and grandchildren to spend the summer with him. The family was enjoying all the delights of sea side life when the German terror burst upon them and they like thousands of other Belgians were compelled to flee almost at a moment's notice. They escaped without injury, but the villa was rifled. Ysaye's work as conductor of the Cincinnati Symphony Orchestra has been watched with sympathetic interest and has been greatly appreciated.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful At Once.

Immediate?—Yes! Certain?—that is the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have double the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use when you see new hair, fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents.

PROMINENT KENTUCKIAN DIES AT HOME IN LEXINGTON

Claude M. Johnson, 66 years old, Chief of the Bureau of Printing and Engraving at Washington during the first Cleveland Administration, and later United States Indian Agent in Arizona, died in Lexington, Friday afternoon.

After his term of service in the Government ended he was sent to London and Paris as head of the Hoe Printing Press Company offices in those cities. He later returned to America and wrote several books on civil government.

Johnson was the son of Mrs. Rosa Jeffreys Johnson, 25 years ago the most famous Southern poetess.

Bede Cottage Sold.

Bede cottage, the scene of George Eliot's novel and the original home of "Adam Bede," situated on Roston common, Derbyshire, was recently sold by auction for \$2,675. The cottage still has the building attached which formed the workshop of Adam and Seth Bede.

INTRODUCING THE NEW STYLES

FOR SPRING AND SUMMER NINETEEN NINETEEN

The Tailormade Suit

In a diversity of styles fashioned in tricotine, serge, poret twill and gabardine, portraying the new silhouette.

The New Spring Coats

Coats of Cape and Dolman type, developed on slender, straight lines, seem to be the most favored for spring wear. The little graces and elegances of detail in the contour of the collars and shoulders, the fineness of sleeve and cuff detail, express exclusiveness of the highest order.

The New Spring Dresses

The narrow silhouette dominates the new dresses, too, and embodies them with a youthfulness that is refreshing. Cunning little pleats, puffings, draperies and the loveliest little sashes and bows adorn these new styles most becomingly.

The New Spring Skirts

Beautiful plaid and stripe woollens, satin, georgette, crepe chene, Fan-ta-si silks in all colors and soft moon glo satins feature our unusually pretty line of separate skirts.

Wolf, Wile & Co.

LEXINGTON, KENTUCKY

From this distance the question seems to be whether the Senate will let Wilson do it over in Paris or "do" Wilson over here.

Bay Window Lenses.

Toric Lenses are curved lenses, which have many advantages over the old flat styles. Toric Lenses combine efficiency and beauty. Toric Lenses widen the angle of vision and are more becoming. Why not have your old correction ground into the new Toric style? Our prompt and efficient service cost you no more than service less good.

WOMEN'S ACTIVITIES.

At The Red Cross Sewing Room
Tuesday—Catholic Church.
Wednesday—Miss 2Tipton's Bible Class.

Thursday—Open.
The chairman has asked that as many members as possible renew activity and support the organization by assisting in the sewing rooms as often as possible. It is imperative that Bourbon county's quota be completed by May 1st.

A Call For Refugee Garments
Begin your house cleaning by looking up discarded garments that you can donate to the Red Cross. Send them to the sewing rooms or call Miss Steele and they will be sent for. Our past work was no more important than the present work is. Carry on.

Club Calendar.
Paris Literary Club, March 26th.
Rev. F. W. Eberhardt, of Georgetown, will address the club on "The Literature of the Bible." Each member is entitled to one guest.

Progressive Culture Club, March 27th.

Book Review—Mrs. Meinetz.
Red Cross Work—Mrs. Kerslake.
Discussion—War Gardens.

The following officers have been elected for the ensuing year:
President—Mrs. Amos Turney, Sr.
1st Vice President—Mrs. George Stuart.

2nd Vice President—Mrs. Brinch Meinetz.
Recording Secretary—Mrs. W. K. Griffin.

Corresponding Secretary—Mrs. W. H. Shropshire.

Treasurer—Mrs. Ed. Tucker.

North Middletown Woman's Club, March 28.

NATURAL RESOURCES OF KENTUCKY.

Mines, Forests and Streams—Miss Lillian Mason.
Hemp, Oil and Tobacco—Mrs. J. O. Evans.

Reading—Hemp Fields—Mrs. Horace Bacon.

The American Red Cross cables from Europe urging immediate relief for hundreds of thousands abroad who are in need of clothing.

The Red Cross has planned a campaign for the collection of used clothing for the joint benefit of all European countries except the Central Powers. This campaign will be conducted in Bourbon county this week and next.

Every kind of garment for all ages and both sexes is urgently needed. It is equally important that the chapters avoid the collection of garments which are utterly useless for relief purposes and should not be included in any parcel.

Garments need not be in perfect condition.

Send parcels to Red Cross sewing rooms, Tuesday, Wednesday and Thursday of this week and next.

B-4 FIRE
Insure with
W.O. HINTON & SON, AGTS

HANDSOME COUNTRY HOME DESTROYED BY FIRE.

The handsome country home of Mr. Allie G. Jones, located on the Paris pike about three miles from North Middletown, was destroyed by fire about one o'clock Saturday afternoon, together with all its contents. The house was a two-story frame, and one of the oldest in the county, being built of hewn logs and weatherboarded.

The fire originated on the roof, supposedly from a spark from the chimney, and when discovered had gained such headway that all efforts to save it were in vain. A small portion of the furniture was saved, but was considerably damaged. The loss is estimated at about \$10,000, partly covered by insurance. Mr. Jones announced his intention of rebuilding at once.

Fire, Wind and Lightning Insurance.
Thomas, Woodford & Bryan

FUGAZZI SCHOOL OF BUSINESS INCORPORATED AT LEXINGTON.

Articles of incorporation have been filed in the County Clerk's office at Lexington by the Fugazzi School of Business, the capital stock of the company being placed at \$12,000, which will be divided into 1,200 shares with a par value of \$100 each. The corporation will maintain and conduct a business school educating its pupils for commercial occupations. The articles were signed by L. P. Southern, H. B. Southern and Miss Maude Miller.

The man who is kicking all the time doesn't get any better results than the man who never kicks at all.

FORMER PARISIAN SUCCESSFUL IN OIL INVESTMENTS

Mr. George B. Keller, eldest son of Dr. and Mrs. A. H. Keller, of this city, who resides at McKinney, Texas, having removed to that State in 1902, has recently invested in oil lands at Ranger, Texas, now the greatest territory of the kind in the United States, from which he is reaping large monthly dividends.

Mr. Keller and his brother-in-law, Mr. Alfred Scott, purchased the royalties in 109 acres of land in the immediate vicinity of the little Baptist church, and cemetery, the congregation of the church being now famous for its rejection of a million dollar offer for the ground, containing less than one acre. On this 109 acre tract there has been drilled twelve wells, and they are large gushers, producing many thousands of barrels of a fair grade of oil per day. One eighth of the production belongs to Messrs. Keller and Scott. There is yet room for more wells, all of which will most likely prove large producers.

Mr. Keller's many friends here are highly gratified to learn of his good fortune with his investments, and hope that they will prove like Colonel Sellers' famous remark, "There's millions in it."

NOTES OF THE OIL FIELDS

Seven more producing wells were added to the lists of the Co-operating Land & Development Company and the Bourbon Oil & Development Company when the two companies jointly bought of the Himyar Oil & Gas Company, and allied interests their holdings in the Comet Subdivision, Ross Creek District, embracing seven producing wells and a number of additional locations.

The Co-operating Land & Development Company, acting jointly with the Bourbon Oil & Development Company, bought of Mr. J. I. Engles, of Lexington, his holdings in Block 1 and 2, Comet Subdivision. The purchasers secured one completed well, which started off to pumping at the rate of 100 barrels a day, and after settling down is still going nicely around 50 barrels.

The sales of oil from the entire State of Kentucky now are running about 185,000 barrels a week. This means that approximately a half million dollars per week is being paid to producers of oil in Kentucky. This estimate is based on recent figures which, of course, are being augmented as each day passes with new wells brought in.

What is claimed to be the biggest oil well ever drilled in Kentucky has been reported by the McCombs Producing & Refining Co. from its office in Louisville. It is the No. 11 well on the Rena Butcher lease in Lee county, and is rated at 1,200 barrels a day. According to Secretary Felix Renick, this No. 11 well will have a production exceeding No. 4, on the same property, which is stated to have flowed at the rate of 250 barrels in two hours and thirty-five minutes.

NOTICE TO RESIDENTS OF NORTH MIDDLETOWN.

Dr. Wm. Riley Franklin, of Paris, will be in North Middletown, at Mrs. Robertson's on Thursday and Friday, March 27 and 28, at look after your eyes, and to correct eyestrain in all its forms. I test your eyes, write the prescription, and furnish the glasses at prices consistent with first-class work. If you have had trouble heretofore with your glasses see me on those dates. My method of doing business and the high quality of my work is well-known to most of you. Remember the dates, Thursday and Friday, March 27 and 28. Lenses duplicated and frames repaired.

BURNING BRIDGE TIES TRAFFIC ON F. & C.

Traffic on the Frankfort & Cincinnati railroad was tied up Saturday because of the burning of a bridge on the railroad near Stamping Ground. Just before the early morning Frankfort & Cincinnati passenger train left Frankfort a telephone call came to the station telling of the burning of the bridge, which was 500 feet long and 28 feet high.

The telephone message probably saved a railroad wreck, as on account of a dense fog it would have been impossible for the engineer to have discovered the burned bridge. The middle section of the bridge was the portion burned. A work crew was sent to the scene to repair the damage.

DEATHS.

JONES.

The funeral of Mrs. Thomas Jones, of West street, who died in the Massie Memorial Hospital, after a long illness of tuberculosis, was held Friday afternoon at two o'clock with services conducted at the grave in the Paris Cemetery, by Rev. G. R. Combs, pastor of the Paris Methodist church. She is survived by her husband and one son.

LEWIS.

The funeral of Mrs. Matilda Lewis, aged forty-nine, wife of Mr. Ben Lewis, was held Friday afternoon, at three o'clock, with services conducted at the grave in the Paris Cemetery, by Rev. W. E. Ellis, pastor of the Paris Christian church. Besides her husband, Mr. Ben Lewis, she is survived by one son, Cleveland Lewis, one sister, Mrs. Thomas Linville, and two brothers, John and George Linville, of Robertson county.

NEAL.

Mrs. Sallie B. Neal, widow of Mr. John Neal, formerly of this county, died at the Massie Memorial Hospital, in Paris, at eight o'clock, Sunday morning, after a long illness, due to a complication of diseases. She was before her marriage Miss Sallie B. Ireland, of Bourbon county. She is survived by one son, Mr. Roy B. Neal, advertising manager of the Macon, Georgia, Daily Telegram, and one sister, Mrs. R. G. Cord, of Mt. Sterling.

The funeral was held in Mt. Sterling yesterday morning, with services conducted at the graveside by Rev. Clyde Darsie, pastor of the Mt. Sterling Christian church. The pallbearers were John T. Collins, A. S. Trimble, J. W. Jones, John J. Redmon, R. H. Burris and Tollie Young.

MORRIS.

Relatives in Paris have received information of the death of Miss Carrie Morris, at St. Vincent's Hospital, in Norfolk, Va., which occurred last Saturday. Miss Morris had been a patient in the hospital for several days suffering from an attack of influenza.

Miss Morris was a former resident of Paris, residing with the other members of the family in the home on Pleasant street, now occupied by Judge and Mrs. H. Clay Howard and Mr. George Howard. The family moved from Paris to Lexington several years ago. She is survived by four brothers, John C. Morris and Walter Morris, of Lexington; Prof. K. J. Morris, of Hyattsville, Maryland, and Frank Morris, of Exeter, California.

MATTOX.

Mr. O. T. Mattox, aged thirty-six, a former resident of this city, died Friday at the home of his father-in-law, Mr. Morris Griffin, in Cynthiana, after a long illness of tuberculosis. He was the son of Mrs. Kate Mattox and the late Mr. Richard Mattox.

For several years Mr. Mattox was a flagman on this division of the Louisville & Nashville, making his headquarters in Paris. After his health became impaired he gave up this position and spent several years in the mountains of Kentucky, later returning to Cynthiana, where he had been for several months prior to his death.

Mr. Mattox is survived by his widow, who was formerly Miss Nancy Griffin; his mother, Mrs. Kate Mattox, of Catlettsburg; one sister, Mrs. Will Daugherty, of Richmond, and one brother, Mr. John Mattox, of Paris, who represents the Beechnut products in this territory.

The funeral was held at the home of Mr. and Mrs. Griffin, in Cynthiana, Sunday afternoon, with services conducted by Rev. J. D. Armistead and Rev. C. W. Elsey. The interment followed in Battle Grove Cemetery. The committal exercises of the Knights of Pythias lodge was used at the grave, the services being conducted by Mr. John Cahal, of Rathbone Lodge No. 12, of Paris, Mr. Mattox having been a member of the Paris lodge. The pallbearers were J. A. Daugherty, Neil Robertson, John H. Terry, Wm. Dale, Logan Maffett and C. L. Swinford.

The following from Paris attended the funeral and burial: John H. Cahal, Wm. Dale, Ray Harris, L. B. Purnell, Estie Henry, Dr. Wm. R. Franklin, H. N. Eckler, Thos. M. Funk, Howard Carr.

LONG.

The funeral of Mrs. Elizabeth A. Long, aged eighty-eight, who died Friday morning at the home of her daughter, Mrs. Alex Rice, on Mt. Airy avenue, was held at three o'clock, Sunday afternoon, with services conducted at the grave in the North Middletown Cemetery, by Rev. W. E. Ellis, pastor of the Paris Christian church.

The pallbearers were her grandsons, Alex T. Rice, Jr., Edwin K. Rice, C. L. Kerr, W. G. Kerr, F. S. Kerr and J. H. Kerr. The honorary pallbearers were E. K. Thomas, Claude M. Thomas, Dr. J. A. Gilkey, Dr. C. G. Daugherty, James Dodge and Douglas Thomas.

Mrs. Long was a daughter of the late Mr. and Mrs. Preston Seamonds, and was born at Seamonds' Mill, near North Middletown, on July 24, 1831. She was twice married, first to John W. Kerr, of Bourbon county, by whom she leaves a son, Mr. Wm. H. Kerr, of Lexington, and her second marriage was to James C. Long, of New York, by whom she leaves a son, Mr. Edward C. Long, of California, and one daughter, Mrs. Alex Rice, of Paris. A sister, Mrs. Fannie Davis, of Springfield, Mo., also survives.

Two years ago Mrs. Long fell and broke her hip, but, although advanced in years, she partly recovered from the injury. For the past five years she has been an invalid and was a great sufferer, but bore her troubles uncomplainingly, and endeavored to make everyone with whom she came in contact happy

and cheerful. She was one of the best women who ever lived in Bourbon county, always ready to assist those in need and console them in distress.

GRAZIANI.

Mr. Jos. Graziani, aged sixty-seven, a prominent fruit grower of Cold Springs, Ky., died at the Booth Memorial Hospital, in Covington, late Saturday night, following amputation of his right leg, the operation being made necessary by blood poisoning. Mr. Graziani was a brother of Mr. J. B. Graziani, of the Paris Ice Manufacturing Co., and of Mr. B. F. Graziani, a prominent member of the Kenton county legal fraternity. The funeral was held yesterday, in the Licking Valley Baptist church at Cold Springs, followed by burial in Evergreen Cemetery, near Covington. He is survived by his widow, three sons and two daughters.

BUCKLEY.

The funeral of Mrs. Nora Buckley, aged seventy-one, who died at St. Joseph's Hospital, in Lexington, of a complication of diseases, was held Friday at the Church of the Annunciation, in this city, with services conducted by Rev. Father Eugene DeBruyn.

The interment followed in the Paris Catholic Cemetery. The pallbearers were Thos. F. Brannon, John T. Maher, E. T. Welch, E. M. Costello, John Donley and Martin Doyle. Mrs. Buckley is survived by one daughter, Mrs. Thomas Maher, of Paris, one brother, Mr. Thos. Donley, of Ludlow, and one sister, Mrs. Catherine Donley, of New York.

OF SANITARY INTEREST.

The law requires that where it is possible attachment to the sanitary sewer system must be made. The Board of Health thoroughly urges strict compliance with this law. All privies, cesspools, etc., must be done away with. The police have orders to see that this is rigidly enforced.

BOARD OF HEALTH,
By A. H. Keller, Health Officer.

PARIS FIRM BUYS MT. STERLING SEED CLEANING PLANT

The Mt. Sterling Sentinel-Democrat says:
"C. S. Brent & Bro., seed dealers, of Paris, Ky., have purchased of I. F. Tabb & Co., of this city, the machinery of the Blue Grass Seed Cleaning Plant, which has formerly been operated here, and this week had a force of men here dismantling the plant for shipment to Paris. This plant has been the largest bluegrass seed cleaning plant in the world and it is to be regretted that Mt. Sterling is to lose the prestige of this fact."

LOCAL CHORISTER IN REVIVAL AT DANVILLE.

The Danville Messenger publishes a half-tone "cut" of Mr. A. L. Boatright, chorister of the Paris Christian church, accompanied by the following comment:
"Mr. Boatright is coming to Danville to lead the music in the special revival services of the Christian church, which will begin on April 6th. He will lead a large chorus choir and will be heard in a solo each night. He has had splendid success in evangelistic meetings and his music will be a leading feature in the services to be held in Danville."

COUNTY SCHOOL SURVEY PROGRESSING SATISFACTORILY.

The county-wide movement to enlist interest in the county pupils examination in May is moving along well. An effort is being made to have 150 Bourbon county boys and girls take this examination, which will entitle them to free tuition in the High Schools in the county.

Every teacher, trustee and parent in the county is urged to assist in this work. If there is a boy or girl in your district prepared to take the county pupil examination, do what you can to interest him in taking it. About seventy-five have already signed their intention to take this examination. This is about twice the number that have ever taken the examination in Bourbon county in any one year. The date of the examination is May 16 and 17.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Mrs. Brown Lee Yates, of Paris, is a guest of Mrs. J. M. Yates, in Richmond.

—Mr. James Engleman, of the A. J. Winters Co., is in Cincinnati, on a business trip.

—Mr. Aubrey Bateman has returned from a visit to Mr. C. H. Jones and family, in Flemingsburg.

—Mr. W. H. Wood, of Dayton, O., is visiting his daughters, Mrs. D. House and Mrs. Wm. Penn.

—Mr. Estie Henry is here from Akron, Ohio, to be the guest several days of friends and relatives.

—Miss Ethel Biddle, of Newtown, Scott county, was a guest Saturday and Sunday of Miss Christine McCord.

—Mrs. A. C. Teller has returned to her home in Chicago, after a visit to her parents, Mr. and Mrs. I. L. Price, in this city.

—Misses Olivia and Ruth Orr attended the annual assembly of the Woman's Missionary Society, held last week at Lagrange.

—Mrs. John A. Skillman and sister, Miss Mary Layton, of Paris, were week-end guests of their sister, Mrs. H. L. Thompson, in Lexington.

—The performance of "The Bird of Paradise" at the Lexington Opera House, Saturday, was well patronized by Paris and Bourbon county people.

—At the reception given in Lexington, at Hamilton College by the Juniors in honor of the Seniors, Paris was represented by Miss Elmeta Hinton.

—Mrs. Francis P. Campbell is visiting her daughter, Miss Frances Campbell, who is attending school at the Ursuline Academy, on Walnut Hills, Cincinnati.

—Mrs. Wm. W. Hinton returned Saturday from Cincinnati, bringing with her Mr. Hinton, who has been a patient for sometime in the Good Samaritan Hospital. Mr. Hinton is greatly improved following an operation.

—Mr. Nicholas Kriener, one of Paris' most highly-respected and oldest merchants, who has been seriously ill for several days, was reported slightly better yesterday. Mr. Kriener is now in his eighty-first year.

—Mrs. Frank Farmer, of Harri-man, Tenn., who has been a guest for several weeks of her parents, Mr. and Mrs. J. W. Earlywine, leaves today for Rochester, Minn., to consult the Mayo Bros., in regard to her ear trouble.

—Councilmen John Merringer and John Christman, accompanied, aided and abetted by Mr. Robt. S. Porter, representative of the Lexington Leader, made a business trip to Mt. Sterling yesterday, in Mr. Merringer's machine. While we are not positive, the supposition is that a visit of inspection to the dam at Harrod's Mill formed a part of the program on their visit.

—Dr. Marmaduke Brown, who has just completed a seven-years' course in the University of Virginia, where he earned the degree of Bachelor of Science and Medicine, arrived yesterday for a visit to Dr. and Mrs. J. T. Brown, on Cypress street. Dr. Brown will spend ten days here, after which he will go to Cincinnati, where he will become interne in the General Hospital.

—Miss Ann Molloy, popular visitor in Paris, who is attending school at Smith College, near Boston, will arrive in Lexington soon to spend the spring vacation with her parents, Dr. and Mrs. P. H. Molloy. Before coming to Lexington, Miss Molloy will be a guest of friends in New York and Boston.

—The coming of the Cincinnati Symphony Orchestra to the Lexington Opera House, in April is an event looked forward to with great pleasure. The mail orders for seats are already quite large. Many of the colleges are ordering reservations, and the Millersburg College will give holiday on Tuesday instead of Monday that week so that all the students may attend the concerts.

—The United Commercial Travelers' column in Sunday's Lexington Leader has the following notes of Bourbon county people: "Ben 'Biscuit' Downey, representing the National Biscuit Company, had a good week in his territory. Ben says everything is lovely and will attend a sales meeting in Cincinnati. . . . W. S. Hughes, a merchant from Blacks Cross Roads, Bourbon county, was in the city the past week buying merchandise."

—Mrs. Charles C. Clarke entertained at her home near North Middletown, with a miscellaneous shower in honor of Miss Martha Tindler, whose engagement to Mr. Graham Young, has been announced, the wedding to occur in the early spring. The house decorations were potted plants and daffodils, except the dining room, where the bride's table was decorated with large baskets of white carnations, tied with green and white tulle and Cupids holding place cards for the bride and her maids. After the "shower" the guests, about fifty in number, were seated at small tables where a salad course, hot rolls, coffee and punch was served.

—The Beta Zeta Chapter, Delta Delta Fraternity, of Transylvania, held an initiation Saturday at the home of Mrs. William Ardery, near Paris. The home was beautifully decorated in the fraternity colors; silver, gold and blue, formed of jonquills in the blue and silver vases, and fine bouquets also placed about. Salad, sandwiches tied with silver, gold and blue ribbons, and orange ice, were served. The initiation was conducted by Miss Devine, assisted by Mrs. Ardery. The young ladies initiated were Misses Helen Gough, Sarah Robinson and Ruth Carrier. The Misses present were: Mrs. Ardery, Misses Martha Hume, Anna D. Hume, Daisy Hume, Gladys McAdams, Viola McRay, Callie Ray, Martorie Devine, of Lexington; Miss Martha Ferguson and Mrs. Ray Tay-

lor, of Paris, and Miss Daisy Moore Porter, of Paris and Lexington.

—Mrs. Belle Alexander and Mrs. J. Miller Ward were guests yesterday of friends in Woodford county.

—Miss Madolin Denton, of Lexington, is the attractive guest of Mr. and Mrs. L. D. Harris and family.

—Mrs. Dan Moore, of Harrodsburg, is a guest of Mr. and Mrs. Charlton Alexander, at their home near Paris.

—Col. and Mrs. Charles D. Winn have returned to Washington, D. C., after a visit to relatives in Paris and other Central Kentucky towns.

—Ensign Oliver Gaines, who is stationed at the Annapolis Naval Academy, at Annapolis, Maryland, is a guest of Mr. and Mrs. Wm. Dale.

—Miss Ella Loomis and Miss Reese, of Cynthia, were guests of Mrs. John H. Moran and Mr. and Mrs. James McNamara, Sr., and family, on Pleasant street, Saturday.

—Mr. W. H. Weiss, Consulting Engineer for the City of Paris, has returned to his home in Kansas City, Mo., after a consultation with Mayor E. B. January in reference to matters involving the water and light supply of Paris.

—Mr. J. M. Sturgeon, Paris representative of the American Tobacco Co., and family will move this week from the Walker property at the corner of Twelfth and Main streets, to the Harry B. Clay home, on Duncan avenue. Mr. Sturgeon will remain in this city for the summer.

"Sh! What would happen to me if I were your kid? Well, if you're not acquainted with Calumet Baking Powder you don't know what a good excuse I have. I Can't Help Helping Myself—they're so good! Good for me too, because Calumet Baking Powder is wholesome and easily digested. Millions of mothers use

CALUMET BAKING POWDER

because of its purity—because it always gives best results and is economical in cost and use. Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

You save when you buy it. You save when you use it.

HIGHEST QUALITY AWARDS

Ivory Mats.

There are but three mats of Ivory in existence. The largest one measures 8 by 4 feet; and, although made in the north of India, has a Greek design for a border. It is used only on state occasions, like the signing of important state documents. The cost of this precious mat was almost incalculable, for more than 6,400 pounds of pure ivory were used in its construction. Only the finest and most flexible strips of the material could be used and the mat is like the finest woven fabric.

You never can tell. Even the prohibitionists might squeal to find themselves in hot water.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 30c and 25c per box. All druggists.

TAFT MAKING PUBLIC FIGHT FOR LEAGUE

NEW YORK, March 24.—"What the people of the United States must realize, in making up their minds about the League of Nations, is that the world either is going to have the League of Nations substantially as President Wilson now is championing it, or it is not going to have a League of Nations at all."

This is the climax of the message given to-day by ex-President William H. Taft in an interview on why he has chosen to make a public fight for Woodrow Wilson's league plan in the face of an opposition by many leaders of his own party.

"I am glad of the opportunity to speak informally to the people of Ohio," said Taft, "because I want to tell them that all its iteration and deiteration by certain of its opponents of an impossible construction of the plan for the League of Nations as now drawn up is to blind them to the real issue at stake—which is whether we are to have any league at all or not."

"The people should know the inferences these objectors draw from the league platform are unwarranted—that its acceptance by us never would affect our sovereignty, never would make us subservient to Great Britain, never would make us modify our immigration rules, nor affect our commercial relationships."

"What these objectors know and I know is that if this league plan is defeated any League of Nations is defeated. The general plan, as now drawn up, while only a report, is a unanimous report, and it is a document which has been whittled down until it represents the only compromise for a league which is acceptable to all the nations represented at Versailles."

"Personally I would vote for the league as it is, even if it could not be revised in a few particulars in which I believe it would be well to revise it. This is not because I don't think with revision it will have the same construction as it now has, but because many are anxiously concerned as to the meaning of the league in its present form, and their anxiety easily can be removed by the introduction of the more express reservations and limitations without affecting the useful structure of the league and its real character and effectiveness."

"This league does not go so far as the League to Enforce Peace, which I have been advocating. It is not as complete in its machinery for settling peacefully differences between nations to furnish proportionate military forces to suppress outlaw nations."

"While it does make immediate a compound boycott so withering in effect that no small nation would dare to court its penalty. And it has machinery by which nations, close and immediately affected by a war begun by an outside nation, willingly will contribute military force to suppress it, and by which if the war spreads, all members will yield to the common obligation and make their proper contribution."

FORGOT WHAT HE NEEDED.

From the Republican, Mt. Gilliam, Ohio: "The editor had an interesting experience some time ago, when a young gentleman came to this office and asked for a copy of the Morrow County Republican. He scrutinized it carefully when a copy was handed him, and then said: 'Now I know! What is it you are looking for,' we inquired. 'My wife sent me after a bottle of Chamberlain's Cough Remedy, and I forgot the name. I went to several stores and the clerks named over everything in the line on the shelf except 'Chamberlain's.' I'll try again, and I'll never go home without Chamberlain's Cough Remedy.' The Republican would suggest to the proprietors of stores, that they post their clerks, and never let them substitute. Customers lose faith in stores where substituting is permitted, to say nothing of the injustice to makers of good goods and the disappointment of customers."

REINVEST YOUR BOND INTEREST IN W. S. S.

Invest the interest on your patriotism in patriotism. This was the request by the Treasury Department directed to holders of bonds of the Third Liberty Loan, Saturday, March 15, was "interest day" for the owners of the Third Liberty Loan bonds, and the Treasury Department is anxious to secure the reinvestment of the interest paid to coupon holders in government securities.

Bond interest coupons virtually are the same as cash. Holders may have them redeemed at any bank, but the best place to take them is to the postoffice, where the postmaster will exchange War Savings and Thrift Stamps for the coupons. Buyers of Liberty Bonds should have forgotten, and should still forget that they have made these investments in so far as present interest is concerned. They should not take a dollar away from Uncle Sam when he needs it so badly. Buy War Savings Stamps and compound your interest for the good days that are to come.

The owners of war bonds issued to date are being paid approximately \$935,000,000 a year from the Treasury as interest on the money they loaned the government.

These interest payments represent free money which is available for immediate investment. As interest coupons it represents cash and is earning nothing. The money earned again becomes money-earning.

The Postoffice Department has ruled that Liberty Bond interest coupons may be accepted as cash at all postoffices in the country for the purchase of Thrift Stamps and War Savings Stamps. It is expected that a large percentage of the interest earned by Liberty Bonds will be immediately turned into War Savings Stamps to earn further interest.

RUB LUMBAGO PAIN OR BACKACHE AWAY

Instant Relief From Pain, Backache, Soreness, Stiffness, Sciatica With "St. Jacob's Liniment."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacob's Liniment!" Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Limber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappears and has been recommended for 60 years. Stop drugging kidneys! They don't cause backache, because they have no nerves, therefore can not cause pain.

GREATEST TAX YEAR IN U. S. HISTORY.

This will be the greatest tax year in the history of the United States, and 95 per cent of the enormous taxes will be collected by the Internal Revenue office, according to information obtained at the office of Commissioner Daniel C. Roper. It is not generally known in this connection, however, that Kentucky is the only State with the exception of New York to have five or more internal revenue districts.

It is evident, therefore, that the Kentucky internal revenue offices will not be as overwhelmed with the work of collecting the income and

Here's the big work, little cost tractor—the Titan

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar—20 horsepower at the belt.

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume of work.

Use it with an Oliver Plow—

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling coulters and jointer buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our salesroom.

other taxes as will be the offices in some of the other States.

The Seventh Kentucky District is composed of the following counties: Bourbon, Boyd, Carter, Clark, Elliott, Fayette, Fleming, Franklin, Greenup, Johnson, Lawrence, Lewis, Martin, Mason, Menifee, Montgomery, Morgan, Nicholas, Powell, Rowan, Scott and Woodford.

The first and lasting test of the new Congress will come on its action when the proposal is renewed to do away with the free garden-seed graft. Betcha the graft sticks!

SECRET OF LONG WEAR IN SHOES FOR BOYS

"Nothing could be more of a tax on soles than the hikes and games of the Boy Scouts, but for durability, comfort and protection in the rain I certainly recommend Neolin Soles. I have two pairs of shoes equipped with them." Scout C. K. Spaulding, of Newton, Mass., who wrote this, speaks from experience.

Thousands and thousands of other active boys who have shoes with Neolin Soles vouch for their long wear. Parents who pay big shoe bills will be interested in this, for Neolin Soles cut those shoe bills down. Buy Neolin-soled shoes, not only for the boys, but for every member of the family. They come in many styles.

Have your worn shoes re-soled with Neolin Soles, too. All good repair shops have them. They are made scientifically by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wing-foot Heels—guaranteed to outwear any other heel.

LOWELL AND LODGE ON LEAGUE OF NATIONS.

BOSTON, March 24.—"If the league shall be put in such shape that it will promote peace instead of breeding disorder and will work no injustice to these United States I will support it," said Senator Henry Cabot Lodge, (Republican) in replying to a question of President A. Lawrence Lowell, (Republican) of Harvard, during their debate on the League of Nations covenant Wednesday night.

"I hope from my heart it will be amended," he added. "I hope that such a league will be framed somewhere. In my belief it will not be done in Paris."

A demand from Dr. Lowell that Mr. Lodge say whether he would vote for the covenant if it were amended according to his wishes led to the Senator's declaration.

Senator Lodge bitterly denounced President Wilson for his failure to consult Congress on the necessary changes to the Covenant of Paris. He demanded that Congress immediately be called into session to discuss amendments.

Addressing an audience of 3,000 persons in Symphony Hall, the distinguished speakers were applauded liberally, frequently and apparently impartially. There was no heckling, though cries of "Good" and "That's right" followed telling points in the arguments.

Senator Lodge outlined his attitude briefly, as in favor of a League of Nations, but not of the covenant as presented.

"The whole treaty should be re-drafted," he asserted. "That is my first constructive criticism." Referring to the charge that the criticisms of the covenant were not constructive Senator Lodge pointed out a number of ways in which he would amend the treaty, laying especial stress on the need of protection of the Monroe Doctrine.

"The hour is approaching rapidly," said Dr. Lowell, in summing up his plea for the covenant, "when we must decide whether our country shall take its place, like a great and generous nation, side by side with others as guardians of law, order and justice in the world, or whether it shall turn its face away from a world in agony."

He prefaced his argument with the statement that although he had always been "an inconsistent Republican" and frequently had been in agreement with Senator Lodge, he could not agree with his utterances on the League of Nations covenant, and still less with those of his senatorial colleagues.

Dr. Lowell maintained the correctness of the covenant in principle, arguing that while "very defective in its drafting" and "easily misunderstood," it should be "accepted and improved." He described it as an experiment in open diplomacy.

To meet certain objections Dr. Lowell advocated the insertion of clauses in the covenant permitting withdrawals from the league on reasonable notice, stipulating that no foreign Powers shall acquire any possessions on the American continents, and making it perfectly clear that immigration and tariff problems are to be regarded as purely internal affairs.

Senator Lodge, in opening his argument, said that he was not against a League of Nations, but was anxious to have the free nations of the world unite to obtain peace and bring about "a general disarmament." He also denied the charge of inconsistency because of speeches in 1915 and 1916, favoring "in general" a League of Nations.

THREKELD SUCCEEDS STOLL AS LIBERTY LOAN CHAIRMAN

W. L. Threkeld, traveling field representative for the Liberty Loan campaigns in Kentucky, has been named chairman of the Kentucky Division, Fourth Federal Reserve District, by the Central Liberty Loan Committee at Cleveland, to succeed J. Will Stoll, of Lexington, who recently resigned after serving through four loan campaigns and putting the Kentucky area far above its quotas.

Mr. Threkeld's territory, which is known as the Lexington area, is composed of the fifty-six counties of Central and Eastern Kentucky, which is in the Fourth Federal Reserve District, the remainder of the State being in the St. Louis District. The new chairman began his duties Wednesday, when he returned from Cleveland, where he was in conference with Liberty Loan officials. He will open an office in Lexington, but will continue to give much of his time to the field work with which he is so familiar, in order to keep in close touch with the workers in every county.

GET READY FOR THE SEVENTEEN-YEAR-LOCUST

Great swarms of the seventeen-year-locust will infest the United States in late May and early June which is expected by scientists to be one of the worst "locust years" on record. Experts of the Department of Agriculture, however, see nothing alarming in the prospect.

Once regarded superstitiously as a harbinger of disaster, the periodical cicada, popularly known as the seventeen-year-locust, because it comes at long intervals, is seen now to be no more than an ordinary nonpoisonous insect pest, which can do little damage if proper precautions are taken. The chief injury inflicted by the insect consists almost wholly in chiseling grooves in the branches of trees for depositing eggs. Young fruit trees sometimes are killed, but the damage generally seems greater than is actually, according to the entomologists, and popular alarm is of proportion to the real danger.

Of the six million that started out for Paris only six Germans will arrive in that interesting city.

UPSET STOMACH

Pape's Diapiesin At Once Ends Soreness, Gases, Acidity, Indigestion.

Undigested food! Lumps of pain; belching gas, acids and sourness. When your stomach is all upset, here is instant relief—no waiting!

The moment you eat a tablet of Pape's Diapiesin all the indigestion pain, dyspepsia misery, the soreness, gases and stomach acidity ends.

Pape's Diapiesin tablets cost little at any drug store, but there is no surer or quicker stomach relief known.

\$100 STAMPS SOON TO APPEAR

For the first time War Savings Stamps in denominations of \$100 will soon be issued and will be available to the public upon the same terms as the \$5 W. S. S., now on sale at postoffices and agencies. Decision to issue the new style of W. S. S. was reached to make more simple the purchase of stamps. The ruling that no one person can have more than \$1,000 worth of War Savings Stamps of one issue still holds good.

A \$100 War Savings Stamp or Certificate will cost \$82.80, if put on sale during March, the price increasing 20 cents each succeeding month, until the end of the year. The new stamps are now on the press and are about the size of a \$100 bond of the Fourth Liberty Loan issue. Decision to issue them was reached by officials of the Treasury Department as the result of suggestions by investors in W. S. S. who stated they found it irksome to amass a number of \$5 stamps and attach them to certificates.

Plans are also being formulated in the Treasury Department for the issuance of a \$1,000 stamp or certificate in connection with investments in W. S. S. by "limit" buyers. The \$1,000 stamps will eliminate the necessity of carrying the ten War Savings Certificates, each containing twenty War Savings Stamps.

The one hundred and one thousand dollar certificates will be a part of the nineteen-nineteen series, and only nineteen-nineteen stamps can be exchanged for them. Shortly a certificate will be issued for which nineteen nineteen stamps may be exchanged.

WHAT'S THE REASON?

Many Paris People in Poor Health Without Knowing the Cause

There are scores of people who drag out a miserable existence without realizing cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Paris.

Mrs. John Mastin, 1439 High St., Paris, says: "I have used Doan's Kidney Pills with good results and I know from the help they gave me that they would be just as beneficial in other cases of kidney trouble. I had a dead, dull ache across the small of my back and my kidneys acted irregularly. Doan's Kidney Pills rid me of those complaints, and I should need a kidney remedy again I would certainly take Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mastin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

U. S. URGES MORE SCHOOLS.

Building of additional public schools in urban and rural communities to accommodate the thousands of children who are being denied educational advantages for want of accommodations, is being urged and fostered by the U. S. Department of Labor. In a formal statement of the conditions which inquiry has disclosed in various sections, the Department of Labor says:

"In many cities which boast of their parks, their boulevards and their public spirit, children are attending schools in converted private houses which were never adapted for school purposes. In other cities portable frame schools are being erected and moved about from place to place as the crowded condition of other schools make that necessary."

The building of schools is expected not only to serve the prime purpose of furnishing educational facilities to many thousands of children, but also to absorb large quantities of materials and employ a great deal of labor.

FOUR KENTUCKIANS DIRECT RAILROAD SYSTEM.

LOUISVILLE, KY., March 21.—Beautiful Women, Tobacco, Thoroughbreds, Whisky—and Railroad Men!

The old "Kentucky Famous" motto has been amended. The grand old commonwealth has stepped to the front with another unexcelled line of goods.

The nation has come to Kentucky—to Louisville, in fact—for the men to operate its nationalized system of railroads, acknowledged the greatest in the world.

Louisville has furnished the United States with the brains which control the huge transportation system of this country—all of its big railroads and many steamship lines.

Here they are:
Walter D. Hines—Director General of Railroads.

Swager Sherley—Chairman of the Division of Finance.

Henry B. Spencer—Chairman of the Division of Purchases.

Charles C. McChord—Member of the Interstate Commerce Commission.

The first three are in actual control of the operation of the lines and the latter has great power in connection with his position as head of the rate-making body which sets forth just what the railroads shall charge for every commodity transported in interstate commerce.

Each one of the "Big Four" in railroad circles is a Louisville-trained man.

SELF COMPULSION

Secretary Glass doesn't want people to buy War Savings Stamps or Liberty Bonds under compulsion. He is right. The only compulsion must be self-applied.

But many persons will not perform their duty until their conscience is prodded a bit. That's why we always need evangelists—not to tell us what is right, but to arouse within us a spirit to throw off our lethargy. We'll wake up all right!

For Influenza!

For influenza and after effects, use K. U. Tablets. They build up your nerves and stomach; rid the system of all aches, pains and tired feelings. They restore vigor and vim. They are fine for headache and rheumatism. The contents of K. U. Tablets are used by all of the best physicians of the country. Don't be without them in your home. Once tried they are always used. They are put up in 10c and 25c boxes and are for sale by all druggists and groceries. Distributed by the

LOAN TO HELP SEND SOLDIERS TO FARMS.

All of the English speaking countries that have taken part in the war are making arrangements to send as many returning soldiers back to the land as care to go. Canada has her plans well under way, as have New Zealand, Australia and the British Isles. In this country we are just getting well started on the proposition.

By means of investigations made by the Government it is found that we have millions of acres of land, idle lands, lands suitable for homesteading, acres that ought to be added to the world's food supply and giving homes to a race of independent American farmers.

The spirit of the whole nation is backing the proposal of Secretary of the Interior Lane to open all the available lands of the nation, the public lands of the country to the soldier. He has recalled to Congress the great part the mustered-out soldiers of the Civil War played in making the Great West.

But to take this land, 15,000,000 available acres of it and turn it over to the soldiers will require a governmental appropriation. The money will be needed to reclassify and open to entry the lands that are lying idle. It is the land of the Government and can be made over to the returning soldier on splendid terms if the country will back up the proposal. What better use could be made of a part of the Fifth Liberty Loan than this? And to what better use could it be placed to work for the future of the nation?

The money in the hands of the Government will make this and other after-the-war projects possible. These lands will give homes to thousands of soldiers home from the war.

It is the solution of such problems as this that causes the Government to need money and to set about raising it through the Fifth Liberty Loan and War Savings and Thrift Stamps. Every dollars worth of securities bought will bring the day when before-the-war conditions return, just that much closer. The bonds of the Fifth Liberty Loan will enable the nation to express its gratitude to the soldiers who come back; they will fortify our national prosperity, increase our shop and agricultural resources and at the same time they will be a good business proposition to the man who buys them.

A CHILD GETS CROSS, SICK AND FEVERISH WHEN CONSTIPATED

Look, Mother! If Tongue is Coated Clean Little Liver and Bowels.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally, if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given to-day saves a sick child to-morrow.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine made by "California Fig Syrup Company."

KENTUCKY TRACTION AND TERMINAL COMPANY

BELOVED EDUCATOR TO CELEBRATE 86TH BIRTHDAY.

With a long and useful life behind him, and prospects for at least a few more years in which to inspire and benefit his fellow men, President Emeritus James Kennedy Patterson, the "grand old man" of the University of Kentucky, of which institution he was president for more than forty years, will celebrate his eighty-sixth birthday tomorrow.

His has been a useful life—a life in which he has accomplished much and a life he can look back over with pride and with a knowledge that it has been well-spent. A most remarkable man is Dr. Patterson—scholar, writer and builder and every year he lives the world is greatly enriched.

It was he who founded what is now the University of Kentucky, served as its head until 1910 and brought it up to its present high standing alongside the leading colleges and universities of the United States, and in him the university and the students have a never-failing friend.

President Patterson was president of the university longer than any man ever held the president's chair in any other university in the United States and during that period of forty years he made thousands of friends among the students. While actively head of the University of Kentucky, Dr. Patterson was personally acquainted with most of the student body and he was always held in the highest esteem and devotion.

Throughout Paris and Bourbon county are hundreds of graduates of the old State College, who attended that institution, while Prof. Patterson was President. From these former pupils comes a paen of praises and best wishes for the welfare of the University's grand old man, whom they learned early in life to respect and esteem, and then to love for his masterful character.

RELIGIOUS.

An all-day sewing will be held today (Tuesday) by the members of the Pastor's Aid Society of the Presbyterian church. The ladies will sew for the Massie Memorial Hospital. A full attendance of the members is urged.

—Rev. Dr. Henry M. Sweets preached an eloquent sermon at the Presbyterian church Sunday morning, taking for his subject, "What Is It To Be a Christian." Following the sermon a congregational meeting was held, and a committee composed of Robert Meteer, M. Peale Collier and Dr. J. T. Vansant, was appointed to consider and recommend the selection of a pastor for the church.

IN THE SERVICE OF THEIR COUNTRY

(Continued from Page 1.)

ing steadily. Every night in the Red Cross recreation room there is something going on. Last night a string quartette, and excellent music, night before was a band concert and tonight there will be movies. Each entertainment is followed by a light lunch served by the Red Cross.

"Now, I suppose you want to hear something about my leave. Left Changy on a French express that runs between Paris and Marseilles, but after standing up for about a hundred kilos, decided to change at Lyon to the American Permissionnaire, a French train running between Dijon and Menton, but operated only for the American soldiers on leave. No more than found a place to sit down than I went to sleep, for I was forty-eight hours behind with my sleep when I left Chagny, owing to my relief man not showing up when expected. Well, when I woke up train was standing in the station in Marseilles, and the latter place being a hundred or so kilos past the place where I was supposed to change for Nimes, (the area I was assigned to), I decided to stay right on the train, which went right through to the Italian border, and see all the country possible.

"About all they could do was to send me back to Chagny or Nimes. And had my leave been cancelled when I arrived at Monaco, the point where I eventually unloaded, I would have been well satisfied with what I had done, because the beauty of the trip more than made up for anything I saw afterwards. The railroad skirts the Mediterranean Sea after getting out of Marseilles a ways, and let me tell you, folks, it is just about the most beautiful thing I've seen.

"Of course the sights of a tropical country are new to me. There may be places on the globe that are more beautiful, but this one—particularly appealed to me. We passed groves and groves of olive trees, and it was quite a novel sight when getting near Monaco to look out of the car windows and see people picking oranges in their yards, then to glance ahead and see the snow-capped Alps in Italy. Nearly all the rocks that jotted out from shore were ornamented in some way. Sometimes, with a stone railing, an odd building or group of buildings. The buildings all through the country beyond Marseilles were of odd architecture, different from anything I have yet seen in France, sort of Spanish design I'd say.

"For beauty, the trip was one which I do not believe I'll ever forget. Well, I arrived at Monaco about noon and told the R. T. O. my troubles about sleeping past my junction point. They took up my pass, told me to go up town, look around, and that I'd have to leave town at nine o'clock the same night. In order not to miss any of the sights, I even passed up 'cats,' expecting to take some oranges or something on the run. Went around to the 'Y,' washed up, and by the way they have beautiful quarters at Monaco. It was formerly a Casino; don't know if that is a theatre or gambling house in that part of the country, but for the stage in one end of it, it resembled a palace.

"My next move was to take on a cog road about 2,000 feet up on a mountain. For the short time I had, I could not have made a more interesting trip. It gave me a complete view of the principality of Monaco, and of Monte Carlo, the surrounding country and the sea. Likewise a good view of the Italian coast and the Alps in Italy. At the top of this mountain, reached by the cog road, was some old Roman ruins, the remains of a tower built 12 B. C. It was almost dark when I came down off the mountain, and I had a headache second to none, partly from loss of sleep, but mostly I believe, through lack of eating. Anyway, I walked around Monte Carlo next. Saw the famous Casino where the big games are pulled off. The hours for American soldiers to go sight seeing through the gambling rooms are from 8:30 a. m. till 9:00 a. m., so I lost out on that.

"One of the natural sights of the town is a big deep ravine passing through the center of the city. I

only wish I could have had one more day there, and done the town in daylight.

"It was wonderful, anyway. All the buildings are of white stone; everything was so very clean.

"I particularly wanted to see the Prince of Monaco's palace, the interior of the Casino, and a big museum of ocean life, but my time was too

limited. If I'm here long enough to be entitled to another leave, I hope to see more of Southern France.

"I got out of Monaco at 9:20 p. m. and felt so rocky that I passed up Nice and Marseilles, which I had intended to attempt to take in. Arrived at Nimes about noon next day, went to bed right after supper. Guess they'll keep me here for about ten

days at the hospital, but I hope to be all right soon.

"This is George Washington's birthday, and the Red Cross is giving a dance in their recreation room this afternoon, so I'll wind this up and will continue the account of my leave in my next letter.

"Love and best wishes to all,

"LEO"
